## SMITH IS LODGED IN COVINGTON JAIL TO AWAIT TRIAL

Deputy Sheriff Powell, of Fleming County, Arrived Last Night In Covington With Negro Wanted On Serious Charge.

Deputy Sheriff John Powell, of Fleming county, arrived in Covington Sunday night having in charge Grant Smith, 40-year-old negro, wanted in Fleming county for assaulting a 14-year-old white girl. Smith was arrested last week at Pontiac, Michigan, and Governor Morrow immediately upon request issued a requisition upon the Governor of Michigan for the negro's return. This request was honored by the Michigan Governor and he is now in jail at Covington awaiting examination trial.

A reward of \$500 had been offered for Smith's arrest which will be paid the Michigan officer locating Smith. The negro in Covington jail last night said he was innocent of the crime charged to him, although a previous report from Pontiac stated that he had made a confession.

Circuit Judge C. D. Newell stated this morning that the matter of a place of safe keeping for Smith had never been brought before him and that he did not know where he would be kept in jail until his examining trial or until his final trial in the Fleming Circuit Court. Local officials, who have been in touch with the Fleming authorities, however, state that it is their understanding that Smith will remain in the Covington jail until the time for his trial has arrived.

## FUMIGATION TORCH CAUSED BIG FIRE SCARE.

Persons passing the residence of Prof. George H. Turney, in Forest avenue shortly after dark Sunday evening, noticed through the window flames from a fumigation torch and thinking that the house was on fire, turned in a fire alarm. The fire department promptly answered but the firemen immediately discovered that the house was not on fire but that the new purchasers were preparing to occupy the building.

## BOYS GET STATEMENT FROM NEGRO MESSENGER

Negro Boy Admits Being Offered 25 Cents To Get "Love Letters" From Garbage Can.

Lexington, Ky., March 29. — Three small boys have found a clue that may lead to the arrest of the man who kidnapped Paul Little Thursday.

The boys have obtained a written statement from Richard Jones, a negro boy employed by a messenger service here, that on Thursday night he received 25 cents from a man, apparently about 24 years old, who told him to search the garbage can in front of a 5 and 10 cent store on Main street for a bundle of old love letters.

This was the can in which, half an hour later, E. R. Little, father of the boy who was kidnapped, placed a bundle containing the ransom money demanded by his son's abductor.

The negro boy states that the man who talked to him could be recognized easily by a peculiar blemish in his right eye.

"He wasn't exactly cross-eyed, but there was something funny about his eye, and I can tell him the minute I see him again," the boy said.

The boys who obtained the negro's statement have been working as "sleuths" on the case, they said. They are James Farrow, 16 years old; Benjie Gildben, 14 years old, and Leonard Frank, 15 years old, all messenger boys.

E. R. Little said tonight that efforts to capture the kidnaper now rest entirely with the Lexington police.

## Speaks On Republican Party's History Tuesday

HON. CHARLES KERR, Judge Fayette Circuit Court

Reports from the country districts indicate that there will be a very large number of country people in Maysville Tuesday evening to hear Judge Charles Kerr at the court house when he speaks on the subject: "The Republican Party; Its History and Principles." Judge Kerr is recognized as one of the leaders in the Republican party of the state and his being a native Maysvillian who has gained high position in his chosen field, will help to swell the crowds that will hear him.

Judge Kerr is one of the most convincing speakers at the Kentucky bar and is recognized as one of the most scholarly men in his profession.

The Mason County Community Club has made special arrangement for this lecture, which is one of a series provided by that club for the enlightenment of the people of the community. Judge Kerr and Judge Sam Wilson, were asked to speak here just at this time on the two great parties they represent to give the new women voters of the community some notion of the two greatest parties in our nation so that they might cast their first vote with information on both parties.

The lecture will be absolutely free to all and at the court house at 7 o'clock. Everyone is invited — both men and women and the court house should be filled.

## NIGHT WATCHMAN SAND- BAGGED EARLY TODAY

Mr. John Fisher Badly Bruised on the Head When Struck With Soft Weapon—Culprit Escapes.

At about 3 o'clock Monday morning Mr. John Fisher, night watchman at the Helzer-Tuck Tobacco re-drying plant, stepped from the office of the plant onto the long wood platform running the length of the plant. He walked toward the C. & O. railroad and about the time he reached the corner of the building, he was struck from behind and knocked unconscious.

When the aged watchman regained consciousness, he was unable to see anyone about and endeavored to cross the street to the Maysville Ice Factory to call the watchman at that plant. The watchman saw him crossing and met him. Mr. Fisher related his experience and the police were notified.

Physicians called found that Mr. Fisher had a bad bruise on the back of his head evidently having been struck by some soft weapon such as a sand bag or black jack. Efforts of the police to find a clue have been unsuccessful. Mr. Fisher did not see the man who attacked him and is therefore unable to give any description. Police are at a loss to find a motive for the attack on the old man as his pockets were not emptied and the plant was not entered.

## JURY FINDS FOR DEFEND- ANT IN SLANDER SUIT.

In the case of Charles E. Fuller vs. John Hotze for damages in the sum of \$5,000 for alleged slander, a jury in the Mason Circuit Court this afternoon found for the defendant. Fuller stated in his petition that Hotze had reported that he had stolen a bushel and a half of corn, which he charged was false and a slander.

## LEGION CAMPAIGN THROUGHOUT STATE WAS BEGUN TODAY

Mason County Woman's Club Manages Drive In This County—Whole State Is In the Campaign.

Following ten days of organization men and women of Kentucky, under leadership of A. T. Hert, as state chairman of the citizens' campaign committee, today begin a canvass for Kentucky's American Legion fund in all sections of the state except Louisville, where the drive will be conducted Tuesday and Wednesday.

The reasons for the state-wide drive are:

To raise a fund for the American Legion of Kentucky to cover its needs during the period of organization.

To support the Legion in its fight against radical organization by giving it financial assistance to continue its investigations of such activities.

To enable the Legion to broaden the work of its bureau for rehabilitation and re-employment of former soldiers, and to promote its drive for Americanization of all foreign-born people in the state.

Practically every county in the state has an organization in the field in support of the drive, while two counties, Montgomery and Henderson, over-subscribed their quotas in brief campaigns last week. District chairmen have reported they are ready for the drive, and each has assured state headquarters that the quotas will be raised.

In Mason county the Woman's Club manages the campaign and it is certain their efforts will be crowned with great success.

## BIG REWARD OFFERED FOR CAPTURE OF SLAYER

\$2,000 Reward Is Offered For Slayer of Little Frances South at Adena, Ohio.

Steubenville, Ohio, March 29.—A \$2,000 reward for the capture of the slayer of eleven-year-old Frances South, whose mutilated body was found in a woods near her home in Adena Thursday, has been offered by business men and citizens of that village. The money was obtained by subscription and practically every citizen of the little mining town subscribed. Jefferson County Commissioners will offer a similar reward today, it was announced Sunday, and detectives will be employed to search for the murderer.

Officials and citizens continue their search. One more arrest—that of a lineman—was made. He is held for examination.

Of the dozen or more other suspects arrested all except four negroes brought to the jail here from Carrollton have been released. In all probability they will be freed today, their shoes having been taken to the scene of the crime, and none fits the prints in the earth near where the body was found.

## TWO ADDITIONS AT METHODIST REVIVAL.

Sunday was a big day at the revival now in progress at the Forest Avenue M. E. Church. The evangelist preached two strong sermons and there were two additions to the church. The attendance during this revival is better than at any revival held in this church for years.

## OVER 100 DEAD AND SCORES HURT IN BIG TORNADES

Three Sections of the Country Struck Sunday Afternoon and Evening By Terrible Wind Storms.

More than 100 persons were killed, hundreds injured and property worth millions of dollars wrecked by tornadoes which raked three distinct sections of the country Sunday and Sunday night.

One storm followed the Indiana-Ohio boundary line from Dayton, O., north to Lake Erie, while isolated gales did damage in Franklin, Ottawa and Lucas counties, on the Ohio side of the border. Fifty lives were lost in this tornado and 240 persons were injured.

A second twister swept northern Illinois and southern Michigan and Wisconsin, taking at least 37 lives and injuring hundreds.

The third tornado struck the southern states from the Mississippi River to the Atlantic Coast. Fifty persons were killed, hundreds injured and thousands made homeless.

Chicago, March 29.—Sixty were killed, more than 100 injured and millions of dollars' worth of property was damaged by a tornado which swept Illinois, Wisconsin and Michigan yesterday, reports here showed today.

The cities throughout the stricken area still were isolated today. Indications were that many were killed in the cities.

The storm-swept area was under martial control today. State troops, former service men and home guards were pressed into service late yesterday and patrolled streets and proscribed, took one life in St. Louis tested devastated property.

The tornado, coming out of the west and north to Elgin, Chicago and suburbs, leaving desolation and death in its wake. In Elgin several were killed. Chicago's suburbs Melrose Park, Maywood, Plainfield and Evanston, contributed 14 to the death toll.

With many cities still isolated Michigan reported eight dead today, and Wisconsin one.

Dayton, Ohio, March 29.—A tornado

which came to earth just north and west of this city, followed the Ohio-Indiana boundary to Lake Erie, caused death to more than 40 persons, serious injury to 240 others, millions of dollars of property loss, and the wrecking of a score of towns and villages.

At Nashville, Darke county, three persons were killed and a score of others injured. An automobile was lifted from its garage and hurled into a bungalow which had been carried to destruction. Telephone wires are down and communication is almost impossible. Relief parties were on their way to the town today.

Interurban service was crippled today, and difficulty was experienced in getting relief to Greenville, Ohio, where three persons were killed. The dead are William Mote, Mrs. John Olwine and infant son of Omar Heck.

At Van Wert early reports indicated two dead and at least a score seriously injured.

LaGrange, Ga., March 29. — Relief workers today cared for the 300 families made homeless by the tornado which struck here yesterday morning.

## OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

## DISHWASHING DANGER.

For many years it has been a not uncommon procedure on the part of those in charge of men on shipboard and in barracks to boil the mess gear, with a view to stopping an epidemic of sore throats. But it seems to have been left to two army surgeons, Colonel Charles Lynch and Lieutenant Colonel James G. Cumming to make the first comprehensive studies tending to indicate the extent to which dishwashing as commonly practiced in public eating places and in our homes may serve to spread contagious diseases of all sorts, including colds, sore throats, influenza and pneumonia.

This dishwashing process is the hand method, the dishes, glasses and other eating utensils being made apparently clean by being soused and swabbed in a pan of water not too hot to prevent the dishes from being at least fished out of the dishwasher by the dishwasher's bare hands. A temperature in which the dishwasher's hands can be put is not hot enough to kill disease-producing bacteria. As eating and drinking utensils contaminated with bacteria from the hands and mouths of those who have used such utensils are successively added to the dishwasher the bacterial content steadily increases. Cumming found as many as 25,000,000 organisms in a quarter of a teaspoonful of such dishwasher.

Besides the supply of disease organisms derived from contaminated eating and drinking utensils all sorts of organisms are added to the dishwasher from the dishwasher's own hands. These are almost sure to be contaminated with whatever organisms the dishwasher may be carrying in his own mouth or nose, and such contamination will be increased if the dishwasher has a cold.

While consistent efforts will be made to protect patrons of public eating and drinking places, the trail of dishwasher infection leads us right into the home and points to the necessity of a decided dishwashing reform in the average home itself. It is very easy to point out ways in which home dishwashing may be made safe, but what is really needed is some practicable scheme or appliance which will appeal to the ordinary housewife and mother through relieving the present home dishwashing procedure of its drudgery and incidentally serving to prevent an infection from running from one member of the household through the entire family.

## SOME BABY QUESTIONS.

The United States Bureau of the Census has recently issued a report on mortality statistics for 1917 in which it says in speaking of the infant mortality rate: "— a few increases appear which should serve as food for thought. What has occasioned the increase in the rate from premature birth from 17.5 in 1910 to 21.1 in 1917? What has occasioned the increase in the rate from injuries at birth from 3.2 in 1910 to 4.6 in 1917?"

In western, eastern, southern, northern states, in industrial cities and in pioneer rural sections, the story is the same. Of the babies studied there died during the first month of life in six different cities: 38 per cent.; 38 per cent.; 28 per cent.; 41 per cent.; 49 per cent.; 57 per cent. In five rural counties the actual numbers are smaller but the percentages are even higher; 45 out of 89; 22 out of 28; 12 out of 15; 10 out of 16; 10 out of 14.

This excessive loss of baby life is due to the prenatal condition of the mother. Surely these figures indicate clearly enough that the states must assume responsibility for its mothers. The federal government is ready through the provisions of the Sheppard-Towner bill to help rural districts provide sufficient nursing and medical attention to insure health to the bearers of America's citizens.

Lawmakers.

Reorganization of Rural Schools.  
Senator Antle; Representative  
Trumbo.

To create a non-partisan County School Board of five members, elected from the county at large, with authority, to establish districts, appoint County Superintendents and teachers, fixing minimum school rates at 25 cents and minimum salary for County Superintendent of \$1,200.

This is one of the most important school laws ever enacted in Kentucky, and if faithfully administered will do much to revolutionize the rural schools of the state.

Teachers Salaries.

Representative Trumbo.  
To establish minimum salary of \$75 per month for public school teachers.

This is more than double the minimum salary in many of the counties. All cities have made provision for increasing salaries also.

Certification of Teachers.

Senator Moss.

To provide that teachers' examination shall be conducted in counties and papers sent to State Department of Education; requiring high school education and normal training as qualification for teachers.

This law simplifies the system of certification and raises the standard.

This is one of the best attendance laws in any state in the Union.

Representative Roth.

Physical Education.

Senator Morris; Representative Reynolds.

To provide for physical education as a part of a school course in all the schools of the state. #### MURDER CASE CALLED

TUESDAY MORNING.

Lawyers on both sides announced  
today that they would be ready to be-  
gin the trial of Henry Eddins for the  
murder of Ben Schumaker, night  
watchman at the Maysville Cotton  
Mills, on Tuesday morning. The selection  
of a jury for a murder case is al-  
ways one of the biggest tasks and it is  
more than likely that the selection of  
the jury will occupy the greater part  
of Tuesday. The trial of the case may  
occupy three or four days.

Mr. Charles Rosenstien and family  
are moving today from the Dr. Frank-  
lin residence in Third street to a flat  
on the second floor of the Maysville  
Suit and Dry Goods Company's build-  
ing.

Dr. J. S. Locke, Secretary of the  
Kentucky Tuberculosis Association,  
returned to his office in Louisville to-  
day after spending Sunday with his  
family here.

## DOESN'T HAVE TO LIE DOWN THRU DAY NOW

This Woman Can Keep Going All Day  
Since Taking Vola-Tonic.

Mrs. Lou Anderson, 119 West Four-  
teenth street, Cincinnati, O., is strong-  
er and better since taking Vola-Tonic.  
"Builder Of Strength," and doesn't  
have to lie down and rest during the  
day now.

"I was weakened and run down,"  
Mrs. Anderson said. "Lots of times I  
felt so weakened and tired out during  
the day that I had to stop my house-  
work and go lie down and rest."

"My appetite was poor and my stom-  
ach was out of order. It didn't make  
any difference how good a meal I  
cooked, I didn't care for it. The little  
food I did eat didn't agree with me.  
Gas always formed on my stomach  
after meals and caused a pressing  
against my chest and pains. I belched  
a great deal after meals also. I was  
badly troubled with constipation, too."

"Within two days after I started tak-  
ing Vola-Tonic I felt better and  
stronger. My appetite returned and I  
found that I could eat without dis-  
tress afterward. Gas didn't form on  
my stomach as it did before and the  
pressing against my chest and pains  
disappeared. The constipation left me  
very quickly also."

"I kept on taking Vola-Tonic and  
now I am much improved. I'm much  
stronger and I don't have to stop my  
housework and go lie down and rest  
during the day now."

"I can eat about anything I cook,  
too, and I enjoy my meals. Even the  
smell of food is different. Everything  
is appetizing."

"Vola-Tonic, 'Builder Of Strength,'  
has helped thousands of weakened,  
run down men and women and it will  
do for you what it has done for others.  
Get Vola-Tonic—TODAY!"

Vola-Tonic is being specially intro-  
duced in Maysville at J. J. Wood's.

Sunday. All in any way connected  
with the school or church are urged to  
work for a banner Sunday.

singer from New York who is to visit  
his relatives Mr. and Mrs. H. O. Wood,

day night. Mr. Burgess has acquired  
a wide reputation as a leading tenor  
having taken the leading part in many  
large oratorios. Press comments are  
very complimentary wherever he has  
appeared. It is certainly a rare privi-  
lege that Maysville people are to have  
to hear him.

Plans for the pageant and panto-  
mime program "New Life" which is to  
be given by the Sunday school of the  
Third Street M. E. Church Easter Sun-  
day—evening are going forward in a  
manner that assures a successful pre-  
sentation of the program. A more de-  
tailed program will be given later in  
the week.
